- Infrastructure
- Port Readiness Plan

National Security Role

- Rapid deployment capabilities for military cargo (24 -48 Hrs.).
- Key logistics hub for DOD/DOW.
- Enhances homeland security readiness.

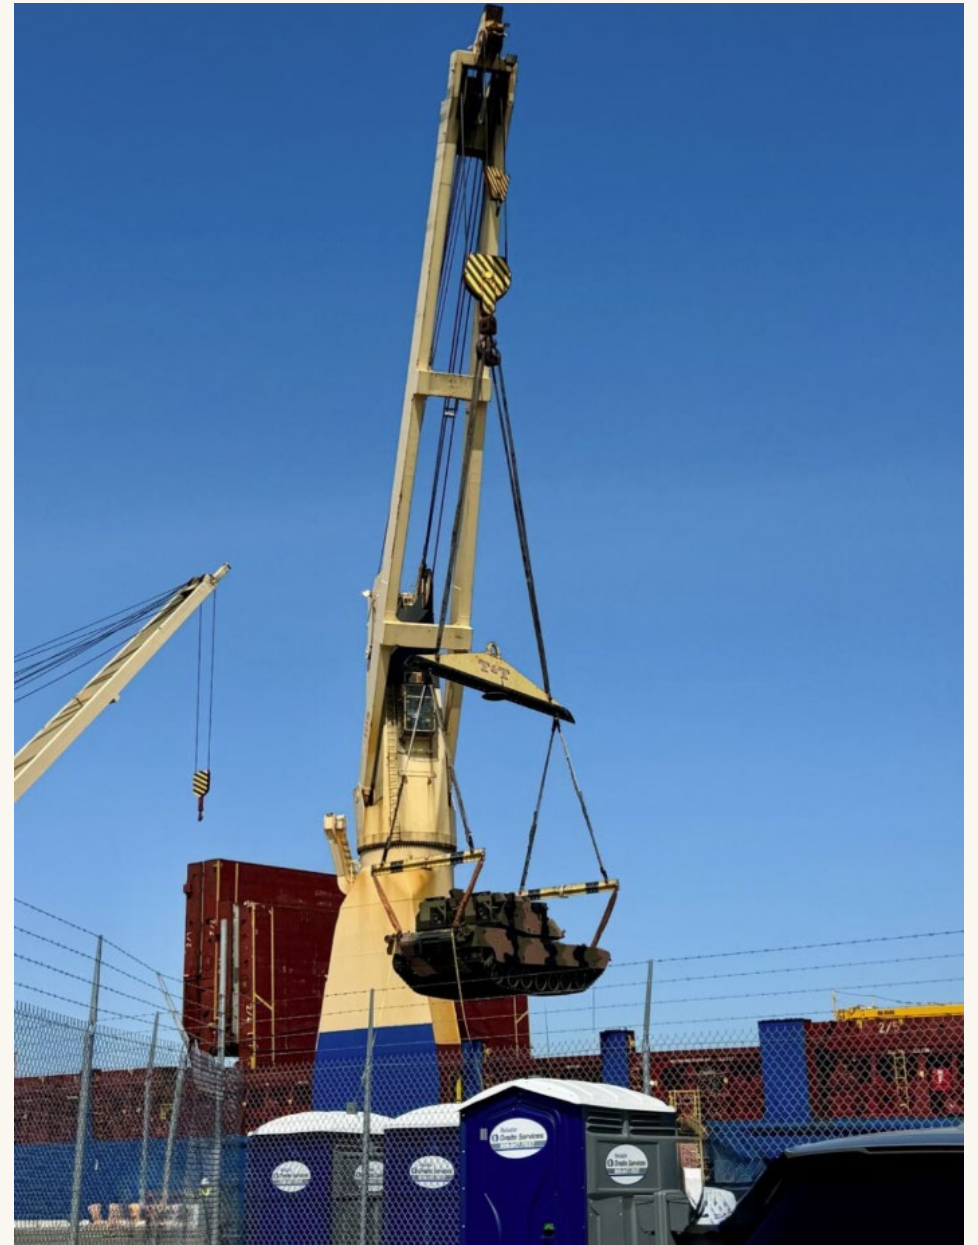

Commercial & Military Integration

- Dual-use infrastructure.
- Ready to transition from commercial to defense operations.
- Effective and efficient comms with MARAD, DoD, and U.S. Coast Guard.

Infrastructure & Capabilities

- Deep-water berths, heavy-lift capacity, and intermodal connections.
- Secure facilities with restricted access zones.
- Near-dock rail and highway access for rapid cargo movement.

Strategic Advantages

- Geographic position.
- Proven experience.
- Mission ready.
- Grant funding
 - MARAD -PIDP

Amidst the backdrop of chaos, the 834th Transportation Battalion gets the mission done

By Paul Harris, 596th Transportation Brigade June 27, 2025

A line of heavy transport trucks, each carrying a large, dark, rectangular object, is parked in a paved lot. In the background, several large port cranes are visible against a grey sky. The scene is dimly lit, suggesting an overcast day or dusk.

The End
