PORTS AND HARBORS

CALIFORNIA plans for our nation's future. Through its integrated system of ports and harbors along California's unmatched 3,400 miles of shoreline and transportation infrastructure, we are relied upon to transport goods to and from every state. California is committed to the prosperity of our nation.

CALIFORNIA seeks :

- Funding for ports/harbors infrastructure
- Full expenditure of Harbor Maintenance Tax receipts
- Flexible policies for coastal management

you can COUNT on us!
